As Salam Alaikum Wa Rahmatullah,

North York Muslim Association is committed to the Prophetic legacy of promoting moderate Islamic teachings and values that are authentic and relevant to the times in which we live. Our aim is to develop a solid core of Muslim individuals living in North America who reflect the universal Islamic values in their personal lives. We seek to foster a community that shares this vision of a better world through the Qur'anic and Sunnah imperatives and values.

We are grateful to Imam Ramzy Ajem for participating in our Khutbah services and look forward to future collaborations with Risalah Foundation.

We strongly support and endorse the Masjid Vaughan Project. We look forward to seeing it succeed. We believe that the Project will contribute significantly to the Muslim community throughout the Greater Toronto Area.

Please contact us for any further questions and or comments you may have.

Best Regards,

*Hany Hamid*
